

Sex games

A game about pressure

Girl stimulates Boy's penis.

When she thinks that Boy's ejaculation is inevitable, she doesn't touch anything anymore.

If Boy cums before Girl lets go, Girl has lost and has a pledge.

If Boy can't hold back, Girl wins and Boy has a pledge.

If Boy can hold back, Girl must finish Boy in any way he chooses.

A game about heat

No light in the room, a blindfold on your eyes to be sure that you can't see anything.

I'm naked on my bed, just had gave myself an orgasm.

My body is swearing and my pussy is on fire.

Come to me. But move very slowly, because I will make you cum only with the first part of my body that you will touch.

Are you able to focus enough on my body's heat to find the most pleasant place for you.

Tell me if you believe in your success and of course, which place you would try to reach.

A game about obedience

Lying naked on the bed in front of you, I order you to ejaculate your cum on my skin.

Do you do it quickly because of your arousal ?

Or slowly to enjoy the view as long as you can ?

A game about your own dream

You receive a message from me with my address and an hour.

Once arrived you see a note on my door :

"Enter then lock the door." Signed by a lipstick kiss.

How do you expect to see me ?

A "want more?" game

I'm slumped in my chair. Come on me, slowly lick my breasts.

I feel your cock grow against my calves.

I tenderly caress you between, but spread them every time your hips undulate.

How long can you resist before begging me to level up the stimulation ?

A one rule game

Don't cum!

That's all, like the title say: only one rule.

If you fail ?

You're not able to fail. You won't cum, that's a promise, not an order.

You should know since time, no one plays with the spermwitch, it's always the spermwitch that plays with her prey.

A crying game

You know that I feel when you're about to cum.

Each time your load will be about to blow out, I will stop and wait for your cock to shrink. Then restart doing this, again and again.

I will stop this frustration cycle only when I see tears on your cute face even if that take hours, days, weeks, months or years. Remember what I have stopped time except for just us two.

Then I will force you to make me cum for each time I've stopped doing you.

Only once all of this done, I will drain you until make you cry a last time. That will be the greatest orgasm of your entire life.

A game about randomness

You told that you could cover my massive boobs with your cum. That's so arrogant. And badly for you arrogant men are the only ones on who I use my magic's dark part.

So let's play something new: You don't have any control (like almost each times) and me neither (that's the new part)

I will continue to make you spurt your cum between my tits then when there will be too much :

If your cum flows toward my belly, you will have to fuck me quick with this red hot cock until you give me an orgasm.

If your cum flows toward my throat, I will suck you until I can savor the taste of your mind.

In each case, begging will be useless. I don't care if you have to shrink then regrow in me or if your sensitivity cause you pain.

A game against yourself

You will cum first rubbing your sweet spot on my pussy lips and clit, that's a fact, but that's not today's game.

Once done, will you be able to make me cum too before shrinking too much ?

I won't move my hips and you neither. If your cock no longer reach my cunt that will be bad for you. What about an entire month of total chastity ?

Or maybe you will have to stop because after cumming your glans will be too sensitive for you to continue to rub it against my clit ?

In that case, I will take you in me then drain you again and again, until you blow your mind in me. No matter how you beg me to stop, Your arrogance can't stay unpunished.

A game about patience and timing

Look at me caressing my pussy, don't touch me, don't touch you.

When you think I'm close enough to my orgasm, come to finish me in two licks then own me for a week. But if you miss the timing, be my slave for a month.

A guessing game

Which of my female friend or I will cum first?

Guess right : we will be your slaves until the dawn.

Guess wrong : you will be our until next week's end.

Join your forces!

Do your best, guys.

One mouth for my pussy. One mouth for my ass.

If you can make me begging you to stop, I will be your sex slave for a week. Else you two will be mine for a month.

You have one hour.

Time to coop for your freedom.

The dynamite in the fire

Use my pussy to reach the edge while I lick my friend's one.

Ride your edge inside me until I have an orgasm then put your cock in her hot vagina while I focus on her clit.

If she cums before you, I will lick your balls until you pull your cock out. No matter how many times you cum, you decide when to stop.

If you cum before her, I will take your balls in my mouth and lock them in with my teeth. She will drains you. No matter how many times you cum or if it's become painful. I won't release you before she tells me to.

Good luck.

The “beg at time” torture game

I will keep you on the edge until you beg me to make you cum.

If you beg at the right time, I will bury your cock in my cleavage to make you explode.

If you beg at the wrong time, I will simply stop all.

I’m not cruel so there’s a clue : the right time is between 1 and 2 hours.

And I offer you a +/- 5 minutes winning range.

Good luck.

Thank you for offering me your cock.

What do you think is going to happen very soon?

Nothing because you have so much stamina?

Spurt, spurt, spurt, ...

Sorry, your pride made me want to instantly crush your “stamina”.

Pussy kiss

I told you that you would cum with only a kiss.

Maybe the day spent teasing you was too intense, but that’s your problem, not mine.

Now lick those lips while I think about your fate.

My toy

You told me that I could use you as I please. It's never a good idea to be arrogant with me. I want a new sextoy, so be a good one.

But don’t cum !

If you can’t keep that rock hard cock without blowing your load, I would have no choice but to continue pumping your mind out.

After that, you will really be just a toy. Mine.

Yummy!

Do you see how fast all the cum you spurt out is absorbed by my boobs?

It’s what we do as sperwitches to reinforce our magic on men.

We turn your willpower into cum then blow it ‘til dry.

Each milked man make us better at milking the next.

But there’s always one more who wanna try.

Calm down

As last year, you are unable to restrain yourself.

I advise you to slow down a bit.

Don't forget that if only one drop of sperm wets these breasts before I came, you will not see them again for a very long time.

And the vibrator in my panty is set at its minimum.

Spermwitch's prey

When you asked me if my magical powers could make you have massive ejaculations, you did not suspect that to do this, I was going to turn your willpower into liters of sperm.

Now enjoy the sight and see my breasts extract your liquefied willpower.

When the last drop has left you, the meaning of your life will be limited to produce cum for me.

Maybe that's not what you hoped for, but you've already ejaculated too much willpower to want to stop now.

Enjoy this while you can, you're already mine.

Ice to fire

If you're able to stay hard until the ice cube I'm rubbing on your cock is melted, I will give you the hottest fuck of your life.

But if you fail, it will have been your last erection before a month.

Wanna play ?

Rule #1 : Do all the job by yourself between my boobs

Rule #2 : Balls must rub on my belly each stroke

Rule #3 : You have to cum in less than 30 seconds

Win : I will offer you 3 wishes.

Loose : I will drain you dry each 3 hours during one month
